Important Information:

- ASSET MANAGEMENT GROUP OPES Performance Fund is a sub-fund of the ASSET MANAGEMENT GROUP OPES Funds OFC, which is a public umbrella open-ended fund company established under Hong Kong law with variable capital with limited liability and segregated liability between sub-funds. It is a SFC authorized public fund**.
- This is a fund of funds investing into underlying schemes which will be selected by reference to their appropriateness to meet the investment objective and the desired asset exposure required by the Manager. There is no prescribed regional, country, industry sector or market capitalisation limits for investment into underlying schemes. The underlying schemes may invest in developed and/or emerging markets.
- The Fund will invest at least 80% of NAV in the underlying schemes which are authorised by the SFC*** with principal exposure to equity securities, fixed income securities and/or money market instruments.
- The Fund's investment portfolio may fall in value due to any of the key risk factors such as equity market risks, liquidity risks, concentration risks, emerging market risks and foreign exchange risks and therefore your investment in the Fund may suffer losses. There is no guarantee of the repayment of principal. There can be no assurance that the Fund will achieve its investment objective.
- The Fund does not have control over the investments of the underlying schemes and there is no assurance that the investment objective and strategy of the underlying schemes will be successfully achieved which may have a negative impact on the NAV of the Fund. There may be additional costs involved when investing in the underlying schemes.
- You should not make any investment decision solely based on this document. Please read the relevant offering document carefully for further fund details including risk factors.
- As the Fund has been launched for less than six months, past performance information is not currently available. Please contact the Manager for further details.

Investment Objectives

The Fund's objective is to maximise long term capital appreciation that is well above the prevailing inflation rate of Hong Kong by investing primarily in a globally diversified portfolio of mutual funds and unit trusts including exchange traded funds.
